

OGAP Facilitator Trainings (July 18 – July 22, 2022)
Additive Reasoning and Proportional Reasoning
Capital Plaza, Montpelier, Vermont
Monday - Thursday (8:30 - 4:00)
Friday (8:30 - 2:00)

This training is designed for math leaders who have completed a 4 or 5 day OGAP Additive Reasoning or Proportional Reasoning training and are interested in providing OGAP professional development and support to educators in their district.

	Requirements for Participation	Dates	Fee
Additive Reasoning	Prior participation in a 4 or 5 day Additive Reasoning training.	5 days July 18-22	\$1,800
Additive Reasoning (Reboot)	Prior participation in a 5-day Additive Reasoning FACILITATOR training. **	2 days July 18-19	\$900
Proportional Reasoning	Prior participation in a 4 or 5 day Proportional Reasoning training (after 2014). **	5 days July 18-22	\$1,800

** This training is required of all current OGAP Additive and Proportional Reasoning Facilitators as important changes have been made to the OGAP materials and resources based on recent development and the publication of the related book: *A Focus on Addition and Subtraction (2021)* and *A Focus on Proportional Reasoning (2020)*.

The fee includes:

1) Direct professional development focused on:

- Formative assessment in general and OGAP specific
- Mathematics education research on how students learn concepts, common errors that students make, or pre-conceptions or misconceptions that interfere with learning new concepts or solving related problems
- Research underpinning the OGAP Framework/learning progression for a specific topic
- OGAP framework/learning progressions with links to the Common Core State Standards in Mathematics (2010)
- Use of OGAP materials and resources

2) Light breakfast each morning. Coffee and tea throughout each morning.

3) Electronic access to related OGAP item banks of formative assessment questions.

4) Printed facilitator guide

5) The related book, *Focus on Proportional Reasoning (2020)* or *Focus on Additive Reasoning (2020)*

6) The related OGAP Frameworks/learning progression and supporting materials.

7) Ongoing virtual support from the OGAP Math LLC Leadership Team.

8) Permission to lead OGAP (Additive or Proportional Reasoning Trainings) for teachers in your school or district.

The fee does NOT include travel, housing or lunch/dinner while attending the training.

Please visit <https://ogapmath.corsizio.com> to register for the event.

Space is limited. Please register early.

Where to stay during your trip to Vermont

We suggest the following two hotels for your stay. Please mention that you are traveling with OGAP MATH to receive this discounted price.

Capitol Plaza (Montpelier) has offered us a room block at \$199.75 per night plus tax. This is the most convenient location as the facilitator training will be held in the same building and it is located in downtown Montpelier (lots of great places within walking distance). (800)274-5252 or at Hilton.com (Input dates, choose Special Rates and use OGAP as the Group Code) Book before May 18th.

Comfort Inn (Berlin) has offered us a room block of \$155.00 plus tax. The Comfort Inn price includes a hot breakfast daily. This location will require you to have a vehicle as it is a short (6-10 min) drive from the Capitol Plaza conference center. (802)229-2222
